

## **T3 Series Electric Stand-up Vehicle Selected by California State Parks Department for Recreational Area Deployments**

*Iconic Clean-Energy Vehicle Offers Quiet, Environmentally-Friendly Patrol Solution with Significant Cost and Efficiency Benefits*

**Costa Mesa, CA (July 13, 2010)** – T3 Motion, Inc. (OTCBB: TMMM, [www.t3motion.com](http://www.t3motion.com)), a leader in cost-effective, clean-technology electric vehicles, has announced that the California State Parks Department has purchased eight of the company's iconic T3 Series electric stand-up vehicles (ESVs). The California State Parks deployments include recreation areas in San Clemente and Perris in Southern California as well several Northern California cities

“Our quiet, environmentally-friendly T3 Series is a perfect fit for patrols in places where people have come to experience nature,” said T3 Motion CEO Ki Nam. “It also provides a highly cost-effective solution to government agencies seeking innovative approaches for efficiently patrolling these kinds of areas. Moreover, the T3 Series has been proven to have a positive impact on patron and community relations.”

The T3 Series ESVs deployed by the State Parks Department sport amber or red/blue lighting. The models with red/blue lighting have also been outfitted with EMS rack and storage containers for emergency medical situations. It will be used by both sworn and non-sworn parks personnel for public safety and visitor assistance.

Capable of speeds up to 20 mph, the T3 Series offers the most user-friendly and intuitive operation in a vehicle of its kind, giving the rider a superior sense of confidence and stability. It can run for less than 10 cents per day without requiring downtime due to the vehicle's two rechargeable, lightweight batteries (Power Modules) that can be easily swapped out while in use for continual deployment and an unlimited range. In addition to cost savings, the electric T3 Series delivers significant reductions in carbon footprint through its extremely energy-efficient design compared to traditional fossil-fuelled vehicles.

**About T3 Motion, Inc.**

T3 Motion, Inc. (OTCBB: TMMM) specializes in cost-effective, clean-technology vehicle solutions for professional markets including law enforcement, security, retail, government and the military. The company is dedicated to raising the bar on vehicle environmental standards and green energy solutions. In 2006, T3 Motion revolutionized the world of personal mobility with the introduction of its flagship T3 Series electric standup (ESV) vehicle. The foundation of T3 Motion vehicles is the company's proprietary power management technology that maximizes range and minimizes recharging time. T3 Motion is headquartered in Costa Mesa, California.
